Hi, Victor:

We have received MDEQ's draft applications for management assistance funding and core. They did not request any funding for PA/SI. Roger and I took a cut at proposing some changes (reductions) back to them and added \$25,000 for PA/SI. You might want to talk to your site assessment contacts at MDEQ to confirm whether they intend to request any PA/SI funding. I think they're planning to revise and resubmit final applications by the end of this week or early next week. Please let me or Roger know if you further questions.

Thank you,

Joe

I am not involved with the MDEQs Cooperative Agreement so am forwarding your email to Joe and Roger.

Deb

I wanted to follow-up on MDEQ's Superfund Cooperative Agreement. I understand they were going to ask for funding for general site assessment support as well as funding to conduct assessment work on the Phillipsburg Mining Site. Have you received MDEQ's funding request? If so, how much did they request for these to general site assessment support and the Phillipsburg Mining Site?

Thank you,

Victor Ketellapper, Team Leader
